

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (original): A tube filling process comprising the steps of:

- loading empty plastic tubes into a fixture;
- sealing one end of said plastic tubes;
- filling a first substance into said plastic tubes; and
- affixing an applicator tip to an end of said plastic tubes.

Claim 2 (original): A tube filling process as in claim 1, further comprising the step of forming a score line on said plastic tubes.

Claim 3 (original): A tube filling process as in claim 2, further comprising the step of removing excess amount of said first substance from said plastic tubes to create equal heights of said first substance in said plastic tubes.

Claim 4 (original): A tube filling process as in claim 3, further comprising the step of filling a second substance into said plastic tubes.

Claim 5 (original): A tube filling process as in claim 4, further comprising the step of removing excess amount of said second substance from said plastic tubes to create equal heights of said second substance in said plastic tubes.

Claim 6 (original): A tube filling process as in claim 5, further comprising the step of centrifuge said plastic tubes.

Application No.: 10/849,085
Amendment dated: June 8, 2005
Reply to Office Action of: March 16, 2005

Claim 7 (original): A tube filling process as in claim 4, further comprising the step of centrifuge said plastic tubes.

Claim 8 (original): A tube filling process as in claim 1, further comprising the step of removing excess amount of said first substance from said plastic tubes to create equal heights of said first substance in said plastic tubes.

Claim 9 (original): A tube filling process as in claim 8, further comprising the step of filling a second substance into said plastic tubes.

Claim 10 (original): A tube filling process as in claim 9, further comprising the step of removing excess amount of said second substance from said plastic tubes to create equal heights of said second substance in said plastic tubes.

Claim 11 (original): A tube filling process as in claim 10, further comprising the step of centrifuge said plastic tubes.
